My tasks

Updating objects

```
try! realm.write {
    task.title = "New Title"
    task.done = true
}
```

```
try! realm.write {
    user.tasks.append(task)
}
```

Deleting objects

```
try! realm.write {
    realm.delete(task)
}
```

delete(object)
delete([object1, object2])
delete(List<MyClass>)
delete(Results<MyClass>)

deleteAll()
